## EPH LILLARD TAKES HIS OWN LIFE AT DANVILLE

Boyle Representative Who Voted For Bradley for Senator Shoots Himself in Head At His Home

The suicide of Col. E. W. Lillard at Danville Wednesday shocked everyone in this part of the state. A dispatch from Danville to the Courier Journal Thursday morning told the following story of the unfortunate affair:

Col. E. W. Lillard, former Representative in the Legislature, from Boyle county, committed suicide this afternoon by shooting himself in the head at his home on South Second street. As a member of the legislature he gained wide notice with three other Democrats who refused to vote for Gov. J. C. W. Beckham for United States Senator, and voted for the late W. O. Bradley, who was elected. He left nothing to indicate what actuated him in his tragic act. He used a 32-calibre revolver and only one shot was fired.

After Senator Bradley took his seat Col. Lillard was appointed his private secretary and served in that capacity until Senator Bradley's death, some months ago. The residence in this city has been rented to Col. Lillard and family had been living with his brother-in-law, Prof. Ruple, at Burgin since their return from Washington. They had reserved the attic in their residence and Col. Lillard took his life in the attic. He drove to Danville today with S. J. Noe and spent the morning attending to business matters and calling on old acquaintances. About 1:30 o'clock he went to his residence and told the occupants that he desired to go to the attic. He had left word for Noe to call for him about 2 o'clock.

Mr. Noe went to the appointed time and waited an hour and then drove up in town, waiting a while and returned.

Col. Lillard still had not come down and Noe made an investigation. He found Lillard seated upon the bed with his spectacles in one hand and a revolver in the other hand and a bullet hole in his head. No one in the large house had heard the shot. The deed must have been committed as soon as he entered the room, as he had on his overcoat and nothing had been moved so far as could be detected. Noe spread the alarm and a great crowd soon gathered. Coroner Zimmerman immediately took charge of the body and held an inquest, the verdict being that Col. Lillard had taken his own life by shooting himself.

Prior to his election to the Legislature, Lillard was a leader of local Democratic politics and had served several years as a Colonel in the Kentucky militia. After he voted for Bradley, many of his old associates deserted him and since his return to Danville it had been observed that he was very despondent at times although it was not thought that he would take his life.

Col. Lillard was a native of Lawrenceburg, Anderson county, and was prominently connected in Central Kentucky. Prior to locating in Danville, about twenty years ago, he was engaged in the drug business in Lancaster. His wife was at the home of Prof. Ruple, in Burgin, when the tragedy occurred. She was notified by telephone and came to Danville at once. Col. Lillard is survived by his wife and three children: Stout Lillard, of Danville; John Lillard, of Atlanta, Ga.; and Mrs. George Harrison Craddock, of Washington City. He was about 55 years old.

The other three Democrats who with Col. Lillard voted for W. O. Bradley in the memorable 1908 session of the Kentucky Legislature, resulting in the election of Bradley to the United States Senate over J. C. W. Beckham, February 28 of that year were H. S. McNutt and Albert H. Charlton and Representative Chris Mueller, all of Louisville.

Elected a member of the Legislature from Boyle county, strong pressure was brought upon Col. Lillard by Democrats of Danville in the hope of inducing him to change his mind but he stood fast. Feeling against him ran high in Boyle, and finally, after he cast his vote for Bradley, he was burned in effigy.

After Senator Bradley took office as United States Senator he appointed Col. Lillard his secretary, and the latter served in that capacity until the death of Senator Bradley last summer.

After he had returned to Danville from Washington there was talk to the effect that Col. Lillard intended to return to Washington and engage in the drug business there. He denied the rumor only recently assuring that if he ever entered business again it would be in his native State.

Although he voted for Senator Bradley, and later served as his secretary, Col. Lillard always claimed to be a Democrat. He was appointed secretary by Senator Bradley, it is said, because of his recognition by the people at the hands of his former Democratic friends when he returned to his home at Danville, following the election of Bradley to the United States Senate.

### Things Improving in the South

"Things are looking better in the South," said Col. T. C. Rankin, who returned from Granville, Ga., a few days ago. "People have gotten down to good business methods there and are paying as they go, and as a consequence things are brightening up," he added. Mr. Rankin sold 25 or 30 mules while there and confesses that he got "living prices" for them. He says his partner at Granville, a Mr. Hopson, wired him this week to send more mules down, and he considers that as meaning that the market has improved since he left. For nearly 30 years Mr. Rankin has been selling mules and horses, and he is about as much at home at either of those places as he is in his home section, where he knows every body.

### Scalded by Hot Coffee

The little two-year-old son of Walter McElfresh, near Danville, was very badly scalded early in the week when he pulled a coffee pot full of hot coffee over on him. The little fellow's neck and left arm were badly injured, and he is being given treatment by Dr. M. L. Pipes of Moreland, and is doing nicely now.

### KID'S STORE

Miss Mary Minola, first daughter, is a plump valentine just added to pleasures and perplexities of her parents, Minnie and Sam Campbell.

Miss Mary Ophelia Jeffers has been quite an interesting and decidedly inquisitive guest of her grandparents for nearly a week.

Henry Thomas, of Casey News, stopped here to take a few minutes, inspiring inspirations of old Casey's ozone before proceeding to Porkopolis for a few days relaxation and recuperation.

Grippe got a grip on Col. John Stapp which kept him latilizing till the ground-hog heralded close of winter, and bluebirds and robins have been rehearsing their spring symphonies.

Too much mud for boats and too much water for mudsheds, our mail carriers were investigating aircraft to find a solution to difficulty of making schedule with half-day's grip, but Cleon Camden bridged enough of the sloughs of the ferried, and filled enough of the chasms, around which portages had to be made, to enable continuance of the limit. A few more trying days our pikes will possibly be good as some of our worst mud roads.

Miss Pearl Gaddis and Clarence Reubyn declined to invite chaffing banter, discussed, and again the city was thrilled by announcement of an unscheduled wedding.

Proprietor of one of our department stores generously distributed customers. Supply was out when a bachelor friend asked for his "You're not married, you have no use for plates" was all the comfort then offered. "I may be soon" was met with a derisive: "When you (especially emphasis on you) marry I will give you a whole set." Within a week when driving by the emporium he hailed the boss with: "Have those plates wrapped up?" Next day groom and bride halted their auto at front door called for the plates. The fresh proprietor has ordered something special.

News has just reached us that Captain Henry Ryder died second last, at his daughter's, Mrs. Sarah Gastineau's, Savonburg, Kansas. He had just entered 99th year. Tall, full of extraordinary vigor, able to excel the young and robust farmer at all the farmer's hardest jobs. Captain Ryder was a sailor in his young days before the steamship became the vogue, and twice sailed around the world. He was interesting as a book of travel in narrative and had many thrilling experiences. He was always genial, always cheerful as a boy, and a neighbor in all the word implies.

"We shall never see his like again." The town was thrown into panic by clang of curfew at 9 A. M. when alarm was spread that "Uncle Joe" was lost. Joe Napier, colored, is the only pioneer of the town alive and in his extreme old age is a "child again." He wandered a mile through woods before missed and every pitfall was being searched when Governor Riffe decoyed him home and searching party called him.

Four dames and a damsel, grotesquely garbed—two in trousers and masked, gave the town the sensation of its life by dashing around a corner and parading along the entire business section of Main street, unrecognized and unsuspected by most intimate acquaintances and even nearest kin. An impromptu Mardi Gras freak. Look out for report of floats and Rex and retinue next time.

The old Reuben's thoughts are of garden, now.

## Heard About Town

L. A. Tankersley, of Lancaster, has taken a position in Ed. Wilkinson's barber shop. \*\*\*\*\*

Hill Spalding, of Danville, District agent of the Union Central Fire Insurance Company, was here with Local Agent C. Hays Foster Wednesday.

The L. J. has received another sack of garden seed and a sack of flower seed from Senator Ollie M. James and will be glad to give them to its friends as long as they last.

Dr. C. M. Thompson, of King's Mountain, who has been attending a series of special lectures and clinics at a big hospital in Cincinnati, has about concluded his work there and will return home next week.

Josiah Marsee and son, R. V. Marsee, returned Thursday from a prospecting trip through Indiana. "We saw a good deal of good land and a great deal that was not so good, but none of it pleased us quite so well as that of this section of the State," said the first-named. The trip will be a big success, Marsee better satisfied to remain in Lincoln county.

G. H. Masters and handsome little son, Charlie Masters, were here from McKinney Thursday. The former told us that the McKinney now has a Temple of Theosophy. It is known as McKinney Amusement Hall and is a well-equipped little theatre, with a good-sized stage and seating capacity enough to accommodate several hundred people. The manager of the enterprise, which is owned jointly by a dozen gentlemen.

Hon Charles C. Fox, of Danville, a candidate for the democratic nomination for circuit judge, appeared in a case in circuit court this week and bearing and conduct of the case were eagerly watched and commented on by court room spectators, upon whom he seemed to make a favorable impression. Together with Attorney K. K. Alcorn, of this city, he defended the Southern Express Company which is under indictment in the local court.

County Attorney Rodman Keenon, of Mercer county, was in court Thursday, and his presence in the city set tongues wagging about the race for Commonwealth's Attorney. With Judge J. S. Owens, of Danville, and W. F. Puryear, of Danville, were in court the same time. Like most candidates, each and his friends seem to think that he will win, but the political wisecracks seem to think that the race hasn't really begun to turn up yet and that it is too early for predictions.

Local agent H. C. Carpenter is greatly pleased over this: Billy Carlson in a Maxwell at San Diego, bettered by four miles, the world's nonstop established by Barney Oldfield in a Maxwell on Thanksgiving day last.

Local agent H. C. Carpenter says breaking world's records is becoming common occurrence with the Maxwell and goes to show the superiority of Maxwell's mechanical features. Carlson also set mechanical record in Maxwell "25" from Los Angeles to Riverside.

Circuit Clerk R. G. Price, of Boyle county, and Circuit Clerk Casey Allyn, of Mercer, were here in court Thursday, the former as a witness for the Commonwealth in the cases against the Southern Express Company, and the latter more as a spectator.

Retiring from politics and is not a candidate for re-election as clerk. Mr. Allyn has no opposition for re-election in his county, and those who know him and his popularity say that there will be no use of anyone's running against him anyway, he is such a splendid official and popular democrat.

Enclosing a check, to pay for his L. J. subscription, is Pastor of Grace M. E. church at Clayton, Ill., says: "The Interior Journal is the newest and best paper in the United States I enjoy every line in it and read it through and through every time I get it. It grows better with age. Keep up the good work and never let my paper stop. I must have it, it matters not the cost." Further in his interesting and greatly appreciated letter Dr. Price congratulates this paper on the stand it took concerning Senator Camden's recent vote and about which the least said the better for the party. He encloses a picture of his church, which shows it to be an exceedingly handsome and modern edifice.

Fortunes have been made by market gamblers all over the country on the rapid rise of wheat due to the Stanford that prominent citizen of the west end of Boyle county has made a fortune on wheat. He invested only \$1,000 to start with, and let his money lie. Every time wheat went up, he would "ride" it and it kept going up. His original thousand is said to have reached the comfortable proportions of a cool \$107,000 before he drew down. The next day wheat is said to have dropped 17 cents on the bushel, but this far-sighted market financier had already "copped" enough to put him on Easy street.

A man from Danville here this week was talking about the bad roads that he had seen in the west. He never known a time when there was more general complaint over conditions. A long spell of wintry weather and heavy hauling by tobacco wagons had cut him out very greatly. Automobiles have practically been driven into retirement. To illustrate his point, he said that Dr. Jackson, the well known surgeon of Danville, was called to a gentleman's near Middleburg, Casey county to perform an operation, as he had to get there immediately. He went over in his big car, despite the fearful road conditions. He drove in his car via Hustonville to Mt. Salem, and thence to a double turn, near the Casey line. A double turn, near the Casey line, and brought him back to that point. When the doctor got back to Danville, he had to put his car in a garage for repairs and the bill for damage caused by the bad roads was \$65.

## Presbyterian Meeting Ends

Much Good Done By Rev. Trostle's Preaching Past Three Weeks.

Rev. J. A. Trostle, perhaps the ablest preacher of the Word of God who has been heard in Stanford in a long time, closed a very successful revival at the Presbyterian church Thursday night.

From the very beginning of the meeting almost three weeks ago, splendid congregations have heard this eloquent man exhort the people of this community to live closer to the Christian standard, and interest and attention was keenly manifested up until the close. Sixteen members were received into the Presbyterian church last Sunday morning, and a general religious awakening among the people of the community has been felt. After a few days' rest Rev. Trostle goes to Cary, Bell county, where he will hold a meeting.

The last service of the series of meetings was held on Thursday night. A very large company of attentive listeners filled the church and heard a very impressive sermon from a text consisting of one word—the word "Remember," taken from the parable of the Rich Man and Lazarus in the 16th chapter of Luke. It was a sermon of solemn warning and earnest exhortation in which the good things to remember were very clearly pointed out. A strong appeal was made to all to get into right relation with God. A handsome offering of over \$60 was received from the congregation out of which the expenses of the meeting will be paid, the larger part going into the Evangelistic Fund of the Presbytery.

After a few appropriate parting words, Mr. Trostle dismissed the audience after singing "Blest Be the Tie That Binds."

On Thursday afternoon Mr. Trostle gave the following helpful rules for Christian living:

1. Never do that which is inconsistent with the Christian's profession.

2. Never do that which the world counts as inconsistent with Christian living.

3. Never do anything to cause a weaker brother to stumble.

4. Never go where you cannot take Christ with you.

5. Never go where you will have to hide your light.

On Tuesday night two strong sermons were delivered. In the afternoon Mr. Trostle's subject was the "Witness of Jesus," a quality which was so fully recognized that it was said of Him, "He hath done all things well." This character so perfectly exhibited in the life of Jesus and so attractive in all who manifest it, Mr. Trostle affirmed to be composed largely of a combination of simplicity and purity.

On Tuesday night a soul-stirring sermon was preached on the words of Jesus to the rich young man who wanted to know how to possess the more abundant life, "One thing thou lackest."

On Wednesday afternoon the pupils of the city schools marched to the church and filled the middle block of pews. Mr. Trostle had a very attractive audience, and older people as well as the juniors were interested in the sermon.

On Wednesday night the subject was "The Sin of Covetousness." The preacher sounded a much-needed note of warning, pointing out the insidious nature of this sin and showing how easy it was to fall a victim to its power. Everyone went away from the place of worship with the words of Jesus ringing in his ear, "Take heed and beware of all covetousness."

**Mrs. Pence Entertains Dixie Rook.**  
The attractive home of Mrs. Alfred Pence was the scene of a much enjoyed rook game on Thursday afternoon. Besides the regular four tabled of members present, there were three tables of guests. Pence, Jr., Mrs. James Woods, Mrs. James Harris, Mr. Lucy Bartley, Misses Givens, Mr. Hubble, Miss Virginia Givens, Harrodsburg, Miss Nancy Yeager. At the conclusion of the game a delicious luncheon was served. Miss Lyle Cooper was the winner of the most games for the afternoon.

There will be a masked skating rink next Monday night at the opera house.

Miss Mary Ellis, daughter of Mr. and Mrs. Clay Ellis, of the Stanford, died Saturday morning of spinal meningitis after a short illness. Although she had been in poor health for some time her death came as a surprise to everyone. She was about 20 years old and was loved dearly by her parents, who have the deepest sympathy of everyone. The remains were laid to rest on the Rolling Fork at the Ellis cemetery.

**Important Laurel Suit Decided**  
Bettie Lewis, who claimed to be the illegitimate child of J. G. Creech, Laurel county, now dead, will share equally with his other children in his estate. Until his death Creech aided in rearing, maintaining and educating her, and she alleged that when she was three years old, in order to prevent the scandal of a suit, he agreed with her mother to do this and so to arrange that she should share equally with his other children in his estate. He made no such arrangement and died intestate. She brought this suit, but the Laurel Circuit Court sustained a demurrer to her petition. The Court of Appeals at Frankfort this week, in an opinion of Judge Nunn, reversed the decision: said this was not a case of adopting a child, but of a contract to make Bettie Lewis his heir; but is an enforceable contract, and not uncertain in its terms, as it can be ascertained what proportion is due her under the contract by dividing the amount of the estate by the number of heirs. Creech left five children and an estate valued at \$25,000.

## SOUTHERN EXPRESS CO.

FINED \$2,500 BY JURY  
In Circuit Court For Removing Records of Liquor Shipments—Other Doing In Court

A jury in Circuit Court Friday morning fined the Southern Express Company \$2,500 in a very important case, affecting shipments of whisky into dry territory. The trial lasted nearly all of Thursday and well into Friday.

It was a trial of the Southern Express Company upon an indictment charged with attempting to obstruct justice by removing its books and records out of the county so that the grand jury might not ascertain who has been receiving liquor at Moreland and at other points in the county along the Cincinnati Southern railroad. This is the second time this case has been before the court. Before, Judge Hardin threw the case out of court on a demurrer of the attorneys for the express company before the case could be tried on its merits, but Commonwealth's Attorney Puryear carried the matter to the Court of Appeals which reversed the lower court's decision, and held that the Commonwealth was entitled to a trial of the case.

Attorneys Charles C. Fox, of Danville, and K. S. Alcorn, of this city, represented the express company, while Commonwealth's Attorney Puryear and county Attorney W. S. Baruch prosecuted. Witnesses were introduced, officials from Boyle and Mercer counties, proving that indictments have been returned in those counties against the company for unlawfully transporting whisky into dry territory and that the Commonwealth endeavored to prove but for the fact that the express company removed its books and records from this county, similar indictments would be brought in this county. The case attracted much interest.

Mr. Fox stated that this case will be carried on appeal through all the higher courts, to the U. S. Supreme Court, if necessary.

The grand jury is examining witnesses from all over the county and upstairs the court has all week been occupied with criminal cases, the following being a brief resume of the work of the court so far:

Bob Ramsey, of the Neal's Creek section, was fined \$20 and costs to be paid or worked out at hard labor on an amended charge of assault and battery.

Joe Burton, was convicted of petit larceny, the charge being that he stole corn. He was fined \$25 and costs.

R. E. Thompson and Casper Abt, were fined \$50 and costs on indictments charging them with having whisky in their possession for purpose of sale.

The indictments against Charley Reid were continued until next term of court upon motion of Commonwealth's Attorney E. V. Egan, on the ground that material witnesses were absent.

Indictments were issued against Wm. Smith, of Casey county, to appear at that time and show cause why he should not be punished for contempt of court in not appearing here as a witness in the same case.

Judge Hardin sustained demurrers to the indictments against T. N. Aldridge and Bud Hiatt on whisky selling indictments, upon motion of their attorney, George D. Florence, thus dismissing the indictments. The demurrers cited that they were acting simply as agent and solicitor and did not make the sales.

An order of arrest was issued for Safe Gooch and Bradley Padgett witnesses in the case against Walter Stull, of near King's Mountain, who is charged with unlawfully shooting at another.

The jury which tried Lib Daugherty of the Green River section, on a charge of deserting religious worship, was unable to reach a verdict.

Joe Burton was convicted of carrying a deadly weapon concealed and fined \$25, given 10 days in jail and disfranchised for two years.

In setting the case against Henry Hudson, charged with the murder of W. W. Burton, for a special term in April, Judge Hardin raised his bond from \$2,000 to \$3,500, at first but afterwards let the amount as originally fixed in the county. The interest at \$2,000. Bond was again furnished by S. K. Owens, W. S. Embury and Jas. Gower for Hudson's appearance. Court adjourned until Tuesday.

WALTON & SAUFLEY  
Editors and Managers.

\$1 A YEAR STRICTLY IN ADVANCE

Entered at the postoffice at Stanford as second class mail matter.

### POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary, August 7th, 1915.

**For Circuit Judge**  
C. A. HARDIN, of Mercer county.  
CHAS. C. FOX, of Boyle county.

**For Commonwealth's Attorney**  
E. V. PURYEAR, of Boyle county.  
R. W. KEENON, of Mercer county.  
J. S. OWSLEY, Jr., of Lincoln county.

**For Railroad Commissioner.**  
WM. F. KLAIR, of Fayette county.

Secretary of State William Jennings Bryan said in a speech at Indianapolis that the democratic party can not stand with the saloon-keeper and for woman's suffrage at the same time. He predicted that suffrage would triumph and that John Barleycorn would be driven out of the United States. He further said: "A man who prefers the saloon-keeper's company to that of his wife should not be in the Democratic party long," said the Secretary. "If we are going to favor woman's suffrage we might as well go the whole hog and drive the saloon out of politics."

Attorney General James Garnett, of Columbia, writes a letter to the Adair County News this week, in which he states that he will not be a candidate for the Democratic nomination for governor this year. This will be quite a surprise to many of Gen. Garnett's friends who had counted on him as a sure entry. He is one of the ablest officials of the state government at Frankfort, and would have had a wide following had he entered. The tip is out, however, that his inclination to enter the gubernatorial race, is a certain indication that he will be a candidate for congress in the Eighth district next year.

The First Baptist church at Mayfield has passed resolutions placing the ban on dancing, cards, swearing, drinking and other forms of amusement. Members indulging in such pastime will be subject to expulsion or discipline. The Mayfield church is resolving on things that every other church in the country have been fighting since the beginning of the christian era.

The Danville Messenger says that to date that paper has failed to get any clew as to anything toward building a hotel. Of course not. What's the use? With the St. Asaph and the Coffey House in full blast in Stanford, Danville has no chance of getting place of the kind.

Forty minutes before the State-wide prohibition measure was signed by the Governor of Arkansas, Judge Asher, of Little Rock, granted the petition of the saloon men of his city for licenses, and fifty saloons opened in a shorter space of time than it has taken to tell the story.

Senator Smoot spoke eleven hours and twenty minutes in the filibuster against the ship purchase bill, but that attracted little attention as compared with what the junior Senator from Kentucky did, or rather didn't do.

They have gone to shipping whiskey into West Virginia in pumpkin. As long as it is made and sold the booze artists will have it, and we suppose it has as much of the desired effect when drunk from the shell of a pumpkin as from bar glasses, but we can hardly see how the true taste is preserved. But then, what does the average booze grafter in a prohibition State care for the taste when he can get the drunk-producer into his stomach and feel that he owns creation?

Three Pike county women have been indicted for selling their votes in the last school election. And the worst of it is, they only got a dollar apiece. Seems to us the entry of women into politics has more of the effect of lowering the price of floats than cleansing the dirty game.

**Boone—Gambill.**  
E. T. Gambill, an industrious young farmer of the East End, and Miss Emma Boone, the attractive daughter of J. H. Boone, of the Maywood section, were married at the home of Eld. J. G. Livingston by that gentleman today.

## Ponce de Leon Failed; His Prize Is Found

Ponce de Leon, the daring explorer, searched among the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it. Thousands of chronic intestinal, bowel and stomach sufferers have written to Geo. H. Mayr, 154 Whiting St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth.  
Why suffer from indigestion, gases on the stomach, fainting spells, torpid liver, constipation and all the evils of a disordered stomach when there is permanent relief here? Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

## GREAT CROWDS HEAR COOPER

Our Fault Method of Living Produces Ill Health, He Says

Lexington, Feb. 18.  
L. T. Cooper, the man, who created such a favorable impression in the big Eastern cities with his health theories and medicine, has attracted immense gatherings in Lexington, where the famous phthisiologist has delivered a series of lectures in connection with his introduction of Tanlac, the medicine that is producing such remarkable results in Central Kentucky.

Probably ten or fifteen thousand have heard Cooper talk during the past few weeks. Possessed of an unusual amount of personal magnetism, Cooper seems to draw his crowds from all walks of life, and from everywhere in the Blue Grass section.

During the course of a recent lecture he said:  
"Possibly the most prevalent and distressing condition known to we Americans is chronic catarrh of the mucous membranes. Catarrh of the stomach is the most frequent cause of dyspepsia, and catarrhal conditions in the nose and throat lead to inevitable deafness. Show me a man, whose hearing is affected and I will show you a man who is suffering from catarrh."

"Frequently," continued the great student, "the lungs become diseased by the extension of catarrhal inflammation by way of the bronchial tubes to the lung substance.  
"The mental and physical state of chronic catarrh sufferers is, indeed, very unfortunate, and it is really surprising to know what an immense number of people are suffering from this almost universal malady when they think something else is wrong with them."

Cooper then enumerated the numerous symptoms of catarrh, such as an offensive breath, constant sniffing, discharges from the nose, drooping in the throat, frequent sneezing, watery eyes, full head, headaches, depression of spirits, nervousness, unsound digestion, lost appetite and susceptibility to coughs and colds.

Cooper then told how the faulty methods of living produce rheumatism, kidney complaints, How the body, when the organs falter or fail fill up with poisons generated by one's own system.

He explained how Tanlac, the miraculous medicine, would combat these various ailments, as it had done among the thousands of sufferers in the East, as well as many hundred in Lexington, who had already used the preparation and found Tanlac an unfailing source of relief. "Tanlac," he said, "builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence, and is a sound source of comfort to the aged and infirm."

Tanlac is sold in Stanford by Penny's Drug Store.  
Night riders burned a negro church in Stewart county, Tennessee, near the Kentucky border and attacked a number of negroes who were warned to leave the county.

## JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Standard Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.  
The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. A lame, weak or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.  
Easy to prove local testimony. Read this Stanford case:  
"I used Doan's Kidney Pills and they proved to be just as advertised," says B. Holderman, of Stanford. "My kidneys were weak and I had backache. Hearing Doan's Kidney Pills highly praised, I used them and they relieved me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Holderman had. Foster-Milburn Co., Props., Buffalo, N. Y. 15-1

There is to be sweeping reorganization of the rural delivery system throughout the county, which will bring about many changes in Kentucky.

have told us the same story—distress after eating, gases, heartburn. A **Rexall Dyspepsia Tablet** before and after each meal will relieve you. Sold only by us—25c.

**Governor Pardons Dying Woman.**  
Mrs. L. A. Williams, paroled in 1913 after the minimum period of a term of one to five years for false swearing, was pardoned this week by Governor McCreary and the pardon was requested by numerous citizens of Bell county, where she was convicted and resides, who asked that she be allowed to die a free woman.

## PECULIAR AFTER EFFECTS OF GRIP THIS YEAR

Leaves Kidneys In Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A full bottle will convince anyone who may be in need of it. Regular size bottles 50c and \$1.00. For sale at all druggists. Be sure to mention this paper. 13-4.

## Mysteries of Rheumatism Practically Solved

Action in the Tissues of a Remarkable Antidote

S. S. S. is a Regular Wizard in Driving Out Rheumatism.

Rheumatism is often the effect of some other blood affliction that has left its impress in the joints, muscles and mucous coverings of the body. It works into the tissue cells, those tiny, little bodies in which nutrition goes on. And it is here that a most remarkable medicine known as S. S. S. does its most active and most effective work.

Its action is marvelous. Bed-ridden rheumatics get on their feet as if by magic. That cold, clammy sensation that made you hug a red hot stove is gone in a twinkling. That excruciating pain that made a feather lay as heavy as a ton of coal on the skin is gone. You get up and dance with glee.

Your rheumatism is gone—absolutely! It is an actual logical fact, that Swift's Sure Specific flushes your blood, gives your entire blood circulation a fine thorough bath. It just naturally and in a twinkling irrigates every atom in your

body. It rushes into every cell, causes every bone, muscle, ligament, tendon, mucous surface and every nerve to thrill with freedom, with health, with new-found springiness.

And best of all, S. S. S. though a powerful searching, overwhelming enemy to pain and the causes of rheumatism is as pure as the dew on a peach blossom, as powerful as the heroic works of nature, as searching as the peremptory demand of the most exact science.

Ask for and insist upon getting S. S. S. the world's cure for rheumatism. For private, personal advice on stubborn chronic rheumatism write at once to the Swift Specific Co., 208 Swift Building, Atlanta, Ga. Their medical department is famous on all blood diseases, and is equipped to make personal blood tests, approved by the highest medical authorities. Get a bottle of S. S. S. today. Then away goes rheumatism for all time.

### Farm and Stock News

Newt Gutman, of the East End, bought a yearling for \$28.

B. G. Fox, the Danville liverman, will sell his stable at auction on court day in March.

Sterling Curtis received by express from a well-known Mercer county breeder, a highly-bred Berkshire sow that he is very proud of, that he is very proud of.

Jack Edwards, the Garrard county stock buyer, bought of C. H. Robbins, four calves for \$75, and also two short yearlings of M. N. Robbins for \$45.

M. J. Farris, of Danville, bought of Wm. Tammie his farm of 320 acres, 2 1/2 miles from Perryville, on the Lebanon pike, for \$18,000.

W. C. Toombs, near McKinney, sold to R. S. Scudder, of the same section, four shoats that averaged 75 pounds at six cents a pound.

Wallace Gover, a prominent farmer of near Crab Orchard, bought a cow of C. H. Robbins for \$60. Mr. Robbins bought a calf of Mr. Gover for \$12.

M. C. Floyd, out on the Somerset pike, sold to T. W. Jones, this city, a nice bunch of sheep containing 35 head at five and a half cents a pound.

James Yowell bought in the West End a car-load of 125 to 200-pound hogs at six and one-quarter cents and shipped them to Cincinnati Thursday.

A tract of twenty acres belonging to James H. Smith, located on the Paris and Riddles Mills pike, near Paris, was sold at public auction this week to David Butler for \$203.50 an acre.

In the Waynesburg section, Tom Ellis sold an extra calf to Green Gooch for \$24.84, or at a figure of six cents a pound. Mr. Ellis also sold to Maynard Ball, another veal for \$14.

J. W. Newman, Commissioner of Agriculture, has placed Jefferson county under quarantine because certain infected cattle were removed from the stock yards, and not slaughtered. All the Louisville slaughter houses are to be disinfected.

At McKee Bros.' tenth annual sale of Duroc sows and gilts near Versailles this week, sixty-six head averaged \$91. Considering the quarantine, it is regarded as an excellent sale. The highest price was \$300 paid by Thomas W. Lawson, of Boston, for the Defender sow, Bonney Defender.

T. W. Jones, of this city and Greeley Lutes, of Turnersville, made a big hog sale to C. H. Robbins, of Mercer county this week. They delivered to him 130 head of light hogs at \$6.40 a hundred pounds. The porkers averaged about 135 pounds. Mr. Coleman bought them for shipment to a big eastern buyer.

John E. Madden has sold to Richard Benson eight yearling thoroughbred colts. Mr. Benson was acting for his employer James Butler, of New York, for whom he raced a successful stallion season. Six of the youngsters are by Ballot, the \$500,000 stallion sold by Madden to the Elmdorf estate and it is reported the sale price for the yearlings was \$50,000.—Lexingtonian.

Assistant State Veterinarian H. L. Casey, of Danville, was here this week, advising with local cattle feeders as to which markets they can ship to. Dr. Casey says that the trouble for local feeders is not so much the matter of shipping to Cincinnati but the prohibition against shipments out of that market. Commission men are unwilling to receive shipments there for export to eastern markets as the quarantine is still on against Cincinnati.

Mr. Mark Goins, of Marksburg, sold his famous jack "Red" to Dr. J. L. Hearn, of Texarkana, Tex., last Tuesday for \$600. J. E. Robinson sold twenty-one 1100-pound cattle to C. C. Seal of Cincinnati, for 7 1/4 cents a pound and same party bought of Hughes brothers 22 head of 900-pound cattle at 6 3/4 cents. E. C. McWhorter, of Paint Lick sold a nice bunch silage fed cattle to Simon Weil of Lexington for \$7.35 to be delivered as soon as quarantine is lifted. These cattle will weigh about 1300 pounds.—Lancaster Record.

Brown & Lawson, Lancaster stock dealers, were in Stanford Wednesday and took up 20 head of fat steers which A. J. Thompson has been feeding on his farm five miles from Stanford on the Danville pike. Mr. Thompson received seven and a quarter cents a pound from the buyers. The steers were in prime condition and averaged 1,200 pounds. The Garrard buyers, put them on the train at Rowland, consigned to Hubbard, Haus & Ragsdale, Cincinnati. Jesse Layton, representing this firm, was in Stanford this week and looked the cattle over. He tried to buy two loads of fat cattle from Hubbs & Eubanks but didn't want to pay enough for them.

**TO TOBACCO GROWERS OR THE MAN SELLING IT:—**

There have been many reports going out from one source and another, for the most part, wrong with reference to our market, having no sales at one time and another. We wish you to know that the OLD MADISON is still doing business at the old stand, and will have sales EVERY DAY, provided you bring us your tobacco. We have no quarrels with anybody. We are at peace with all the WORLD, simply stay right on the job, doing very best to get every dollar we can for it. We sold about 30,000 pounds Monday—very few rejections, with prices better on all grades. Don't believe half you hear about the market for it is all right going right straight along, rain or shine, cold or hot, selling tobacco and getting just as much for it as any house on earth. Prices Monday from \$1 to \$20 the hundred; most every body pleased. We want to reach 5,000,000; haven't very far to go—won't you help us reach it? This is one of the big markets in the state. In matter of prices the old MADISON is willing to compare with any house anywhere. Come right along. When you are ready we will receive your tobacco and sell it at the best prices possible for us to get for it.

We thank you for your very generous patronage, for your patience through a very hard season, and want to assure you we stand for Richmond market against all comers and the MADISON HOUSE, against all houses.
